Do **YOU** love **plants** & working with **kids**?

Work this **Summer** at the **UC Botanical Garden**!

**OUTDOOR SUMMER SCIENCE CAMP COUNSELOR**

**Qualifications:**
Must be a UC Berkeley student. Enjoy teaching young children and have experience planning and directing children's activities in a group setting. Knowledge of plants, botany, ecology and/or gardening. Excellent organizational and communication skills. Must be highly motivated, responsible and dependable.

**Job Description:**
Under direction, plan, organize, and conduct a variety of educational walks and hands-on activities for children that will teach about and build upon their knowledge and love of plants. Prepare daily schedules and lesson plans for a series of week-long camps (M-F, 9am-4pm), structuring activities such as basic botany, arts and crafts, stories, working in the garden, nature studies and our own curriculum for 5 - 10 year olds. With co-counselor, assume responsibility for the safety, comfort, and smooth running educational activities of the children at all times. Flexible start time mid-May to early June. Last day of camp August 19, 2016. Full time. $13/hr.
